About the Niagara 2022 Canada Summer Games

Held every two years, alternating between winter and summer, the Canada Games are the country's marquee event for amateur sport representing the highest level of national competition for thousands of up-and-coming Canadian athletes. As the best in their age group, these young competitors come to the Games having trained long and hard to be among those chosen to represent their respective province or territory.

From August 6 to 21, the Niagara Region will welcome more than 5,000 participants (including athletes, coaches and support staff) to compete in the Niagara 2022 Canada Summer Games. The competition will feature 18 different sports, including an inaugural rugby sevens competition (women's only) and the return of lacrosse after a 37-year absence from the Games (1985). The 28th edition of the Canada Games will also mark the third time in history the event has taken place in the province of Ontario and the first time in 21 years.
